INFLATION RATE

The allocated supply of REX (circulating + staked REX) inflates at a constant rate of 12.9% per year.

HOW TO BUY

AUCTIONS

Connect your wallet to REX.IO and submit BUSD to the daily auctions via the Auction tab. Each auction day ends at 18:00 London time. The amount of REX you will be able to claim at the end of the auction day is determined by your percentage of the total BUSD submitted to the auction that day AND by the number of tokens available for that auction day. As a simple example, if there were 10,000 tokens available for the auction that day and you submitted of 100 BUSD of the total 1000 BUSD submitted that day, you will receive 10% of the 10,000 tokens that were available (1000 Total BUSD / 100 BUSD that you submitted = 10%. 10,000 total tokens * 10% = 1000 tokens.)

PancakeSwap

Go to <https://pancakeswap.finance/swap> and swap BUSD for REX (XRX). The REX (XRX) token address is listed at the bottom of this page. Set slippage to 0.5.

Stake DEX

Starting on REX Day 111, you will be able to purchase stakes on <https://app.rex.io/dex>.
